### NOTE TO PARENTS

The licensing authority for this program is the Bureau of Child Care Licensing. Information regarding recent licensing and monitoring visits for this program is available by calling the Bureau at 271-2624 or 1-800-852-3345, extension 4624. Child care programs are required to post a copy of the statement of findings and corrective action plan for the most recent visit in a location which is accessible to parents, and must maintain copies of the statement of findings and corrective action plan for the statement of findings and corrective action plan for the preceding visit and make them available to parents to review, upon request. Statements of findings and corrective action plans are also available by calling the Bureau at 271-4624 or 1-800-852-3345, extension 4624.

During licensing, monitoring, and complaint investigation visits to licensed programs the bureau's licensing specialists, all of whom have education/experience in early childhood education, speak with children regarding the care they receive at the program, if in the judgment of the licensing specialist children's responses would be valuable in determining the quality and level of care provided. If you wish to be informed prior to your child being interviewed, or do not want your child interviewed, you must provide a signed, dated statement to the center director/family child care provider indicating your preference. This statement must be updated annually. The center director/family child care provider is required to inform the licensing specialist when any parent has completed such a statement. **Program staff should not attempt to influence you regarding this choice.** 

The well being of children is our concern. BCCL staff recognize that interviewing young children is a delicate responsibility. Therefore, the licensing specialist(s) will make every attempt to help any child they interview feel comfortable by being gentle, reassuring, sensitive and casual. They will spend time with the child and will take into account the child's level of maturity and willingness to talk to us.

The licensing specialist(s) ask the teachers to introduce them to the children and briefly explain the licensing specialist(s) role. The licensing specialist(s) asks open-ended questions. They randomly select which children they will speak with, and invite those children to tell the licensing specialist(s) about their child care program/school, however, no child is ever forced to speak with a licensing specialist. If a child appears uncomfortable about speaking or declines the licensing specialist(s)' invitation, they select another child. No child is ever pressured to speak with a licensing specialist. Generally the children enjoy telling an interested person about their day at the child care program/school, and often, children who have not been selected ask the licensing specialist(s) if they can talk to them.

Bureau staff believe it is important to interview children when monitoring child care programs because children often provide us with valuable information about the care they receive, as well as important child care activities that we are unlikely to observe. The licensing specialist(s) ask questions about meals, snacks, activities, teachers, fire drills, rest, rules that children must follow, and what happens if children don't follow those rules.

### MEDICAL INFORMATION

Any chronic conditions, allergies or medications that could be important in case of sudden illness or injury:

CHILD'S USUAL PHYSICIAN: \_\_\_\_\_

TELEPHONE #:\_\_\_\_\_

PHYSICIAN'S ADDRESS:

# EMERGENCY MEDICAL TREATMENT AUTHORIZATION

I hereby give permission for the staff of \_\_\_\_

to provide simple first aid treatment to my child,

and in the event of a more serious illness or injury, I give permission for my child to be transported to a hospital or other emergency medical facility to receive emergency medical treatment. I also authorize ambulance/rescue squad attendants to administer such treatment as is medically necessary, and I authorize licensed health practitioners working in the hospital or emergency medical facility to examine and provide emergency medical treatment to my child if warranted. I understand that I will be contacted by child care program personnel as soon as possible regarding any emergency involving my child.
